

## FourSquare Quilt

Finished size approx. 60" x 80" (with 5" borders)

Kit contains

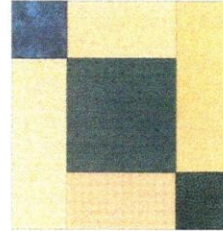

1 set wide border strips (5" – 8" wide x 280" total)

35 5 ½ " squares (18 light, 17 dark)

31 strips 3" x WOF (15 light, 16 dark)

BLOCK A – MAKE 18

BLOCK B – MAKE 17

From light strips cut  
(34) 8" segments,  
(34) 5 ½" segments,  
(36) 3" squares

From dark strips cut  
(36) 8" segments,  
(36) 5 ½" segments  
(34) 3" squares

Match each light 5 ½" square with two dark 5 1/2" strips and sew the strips on opposite sides of the square. (creates 5 ½" by 10 ½" rectangle). Match each light 3" square with a dark 8" strip, and sew the small square on the end of an 8" strip. (creates a 10 ½" by 3" strip). Sew two of these 10 ½" strips onto the long sides of the rectangle, making sure the small light squares are diagonally opposite.

Create 18 BLOCK A this way.

Then create 17 BLOCK B, using the same steps but substituting dark and light.

Set the blocks in 7 rows of 5 blocks, alternating BLOCK A and BLOCK B.

Piece the border strips as needed. Add wide borders.
