Quilters Guild of Indianapolis

April 2023

President's Message: Happy Spring!

With the exception of one extremely cold snap with snow for Christmas, the winter weather this past season in central Indiana was pretty good--for winter. However, I always love the arrival of spring. I love the beautiful and colorful blooming daffodils, iris, and tulips! I love the trees and bushes filling out with green leaves. I love planting seeds and watching them sprout and grow. I love getting outside more with the warmer temperatures.

With regards to temperatures, have you thought about starting or have you already started making a temperature quilt? Maureen Weflen is leading our unique block of the month project for QGI—a temperature quilt.

Maureen made her temperature quilt for 2022 with high and low temperatures for each day based on where she was (including her travels to Europe and Africa last year). Her quilt also shows which days it rained or snowed. Maureen's quilt is very colorful and celebrates many holidays and special days on the calendar with fabric representing these events! Maureen has it all completed including "windy" quilting by Melissa Snyder!

At our QGI meetings this year, Maureen has shared many different ideas and approaches for temperature quilts. I think the possibilities are endless ranging from using traditional blocks to applique to creative, artistic styles. If you really want a block of the month (instead of a small block everyday), use the average temperature for each month and choose a color for that average temperature to make a block that you love. It will be fun to see all of the different styles of temperature quilts as these quilts are completed!

We have a number of upcoming workshops planned. Take a look on our website and within this newsletter for more details on each workshop and consider signing up for one or more.

Betsy LaBell

2023 President

Quilt Guild of Indianapolis

Thursday, March 9, 2023

Betsy LaBell welcomed everyone to the March QGI meeting in the Lounge of Orchard Park Presbyterian Church. Betsy wished everyone a happy St. Patrick's Day and March birthdays were celebrated with song.

Libby Gilbert introduced Sarah Goer who presented her program "Rules and Options of Planned Improv Piecing". Sarah was speaking to us from San Jose', CA. Sarah noted that she has a quilt in the Indiana Heritage Show. Sarah makes do with what she has, uses bold color, high contrast graphics and areas of solid color in her improv piecing. Although not mandatory, Sarah prewashes her fabric, presses seams open to create less bulk for machine quilting, quilts her own work, uses a machine for binding because she doesn't enjoy hand sewing, and does not starch her fabric. Tools that Sarah uses include: rotary cutters and mats, rulers, scissors, graph paper, a design wall and a camera to check the value of fabrics. Sarah shared pictures of a variety of quilts that she has created. She prepares a newsletter twice a month if anyone is interested in receiving it. The presentation was not recorded per the speaker's request.

The thank you blocks made for Nancy Trullinger, 2022 Quilt Show chairman, were presented to her. The blocks were made by guild members in the quilt show colors of royal blue, green and white. Marcia Hackett's thank you blocks will be presented later.

Announcements:

The children especially love the pillow cases.
- Carol Marlin reported that the QGI Whispers Quilt Project is underway. People can still join the challenge if they are interested.

Caryl Bryer Fallert-Gentry: “Pixels and Pizzazz”

This meeting is not to be missed! Caryl hopes that her quilts will be seen and enjoyed by others. She also hopes her quilts will lift the spirits and delight the eyes of people who see them. As a teacher Caryl believes that the magic of art lies in our heads and in our hearts.

The focus of Caryl's work is on the qualities of color, line, and texture, which will engage the spirit and emotions of the viewer, evoking a sense of mystery, excitement, or joy. Illusions of movement, depth, and luminosity are common to most of her work. The inner glow is created by hand dyeing or painting her fabrics in gradual progressions from light to dark.

QGI Program Workshops

The QGI Program Committee is planning two workshops this year. There are two ways you can sign up: (1) on the QGI website for \$52/members or \$62/non-members or, (2) by sending a check made out to QGI to Jacqui Griswold or Libby Gilbert. If you'd like to sign up and pay by check, please use the form on the following page.

On Saturday, May 13 Amy Friend will be presenting a workshop on Petal + Stem Silhouettes. This does require the purchase of her book "Petal and Stem" for \$25.00, which is available in Amy's Etsy shop. She will present a more modern look for floral quilts. Participants will be able to design their own quilt tops from several patterns in the book. Per our contract with Amy, we will have to cancel this by April 13th if we don't have enough sign ups, so **please sign up soon!** For more information about Amy Friend, please refer to her website. <https://duringquiettime.com/>

On Saturday, August 12th Kevin Womack will be presenting a workshop called "Simply Stunning Stars." For this workshop we will take big, bold prints and put them together into a top. You will have a choice of a lap size or a queen size. For more information about Kevin Womack, please refer to his website. <https://www.kevinwomackart.com/>

QGIN SEA GLASS WORK SHOP - APRIL 15

Zionsville Town Hall, 1100 W. Oak, 2nd Floor Room 207

Sign up now through the Events, Workshops section of our QG I website. An interesting and informational handout on sea glass is also available on the website: Members>Forum>Meeting Handouts. **Cost: \$20.**

Start thinking about the beach you want to create and start collecting possible fabric from your stash and even pick up an odd fat quarter between now and then. Fabric choices? Think batiks, and other cottons, but anything goes. Totally up to you, since you're the one combing the beach and picking up little fragments of glass.

The glass? Chunks of chosen colors. From "Clear" to Cobalt Blue and everything in between. Pastels work well. The sea glass handout noted above will help you in picking fabrics too. Plan on bringing extra fabric to trade with others as well as leftover bits of fabric that you have already backed with a fusible.

The Sand? It is easy to just think of sand as beige. Real beaches come in a wide variety of colors. Maureen has a collection of white/tan (Normandy, France), black (Iceland), light orange (Sahara, Tunisia), red orange (Namibia, Africa), and grey (Bali). Sand is also light green (Hawaii), bright white (Clearwater Beach), yellow-orange (Porto Ferro), pink (Bahamas), and even purple (Pfeiffer State Beach), Sand's color comes from its mineralogy or the physical structure of the crystals that dominate the sand. <https://www.travelchannel.com/interests/beaches/photos/unusually-colored-beaches>

A supply list will be emailed to you after registration. Plan on bringing your sewing machine in working order, lots of scraps and plenty of fusible, and glue along with some sharp scissors. We will all get a good start on this small project and have a great day (9-4) in Zionsville. (Bathing suits are optional ;o).

QGIN Workshop

Mary Strinka – Let's Play Stack 'n Whack

Saturday, June 3, 2023

Zionsville Town Hall

1100 W. Oak Street, Room 207, Zionsville, IN 46007

Arrive before 9:00 AM – Class starts at 9:00 AM and ends at 5:00 PM

Mary will step you through the hands-on process of starting a Stack 'n Whack project.

You choose a fabric. Need help choosing? (Email marystrinka@gmail.com or text 317-205-7337). If you need help determining the pattern repeat, your favorite quilt shop employees should be able to advise you.

Please look through the attached resource list for books with tons of ideas. If you own any of these books (or can obtain them at your local library), bring them to class.

Plan to buy at least 6 pattern repeats. If your fabric has a 24" repeat (common in large scale prints), that is 4 yards. Do not prewash your fabric.

We will work together to study the scale of the fabric printing and decide what size triangles (or squares) will work with your fabric. We will step through the process of aligning, pinning, and preparing your fabric for cutting. Then we'll cut and start sewing.

This is a full-day, in-person workshop. Lunch? You can bring your own, or make a run to many nearby restaurants. **Please register by May 27, 2023.** See next page for registration/payment information.

Mail your registration check payable to **QGI** to: Carol E. Marlin
9570 Broadway Street
Indianapolis, IN 46240

Please complete the following form and send it with your **\$40** check if you are a QGI member or **\$50** check if you are not a member. A SPECIAL THANK YOU TO OUR GUILD

The following message was sent to our website and is now shared with all of you.

Quilters Guild of Indianapolis,

I received one of your beautiful quilts after the catastrophic flood that hit eastern Kentucky last July. I lost my aunt, my son's "adopted" grandmother and a family friend. We lost all of my grandmother's old quilts that she made by hand, so the one I received is very special to me. I believe it's a postage stamp pattern. There is so much love in a project like yours. Just knowing someone cares and is praying for you and your situation means so much to those who have been through these life-altering events. Keep up the good work, knowing that you are appreciated!!

NATIONAL QUILTING DAY – MARCH 18, 2023
Zionsville Town Hall & Irvington United Methodist Church

On Saturday, Mary Strinka and a dozen guild members spent the day sewing, tying, sandwiching and sewing borders on quilt tops which will soon be delivered to a number of organizations in and around central Indianapolis. It was a very enjoyable time to sew and socialize with guild friends.

Dallas and a group of 9 quilters met at the Irvington church to sew, tie, and sandwich quilts too. Each person shared why quilting was important to them. Libby noted that taking quilt classes formed lasting friendships. Dallas shared that National Quilting Day started in 1992 and each quilt president celebrated the day in various ways. In 1992 the guild president, Ruth Houser, suggested that all members visit local quilt shops. In 1993 president Dallas Reed organized a “Quilt In” which helped form the tradition of group meetings to perform charitable projects. Thus far this group gave 72 quilts to Birth Options, 12 quilts to Forum at the Crossing and 4 quilts to the Irvington United Methodist Church.
